Apex bodies: the coordinating eye behind water sector reforms

|

Description / Abstract

For a country to adopt successful and lasting nationwide reforms in the water sector, its government needs somebody with the expertise and vision to draw up a road map toward reform, then set the government on course and oversee that each effort successfully achieves its objective. That somebody is an apex body.

This brief defines national water sector apex bodies, outlines ADB's support to apex bodies, and explains how to address needs for apex bodies to succeed.
