Description / Abstract

The purpose of this working paper is to review a set of Integrated Urban Water Management (IUWM) initiatives and pilot studies funded by the World Bank's Water Partnership Program (WPP) in Latin America and the Caribbean, Europe, and Central Asia and sub-Saharan Africa.

The report is structured into three chapters:

1. Introduces the main concepts of IUWM;
2. Reviews the findings of 10 case studies;
3. Puts forward recommendations to sustain and enhance the scope of IUWM activities;
